# Nero / Black

Le tendenze dell'architettura degli interni puntano sul nero come colore elegante e sobrio, versatile ed eterno, applicabile a prodotti e alla decorazione degli ambienti contemporanei più diversi. Il colore nero opaco viene applicato alle maniglie Dnd con una resistente vernice a polvere: questa finitura valorizza i prodotti per gli interni, sia minimali sia eleganti, ed è molto apprezzata dagli interior designer per la sua adattabilità e la capacità di esaltare toni e contrasti.

*Trends in interior design focus on black as an elegant, understated colour, versatile and timeless, suitable for a wide range of products and types of decor. The matte black colour is applied to Dnd handles with a durable powder coating: this finish enhances products for minimal and elegant interiors, and is prized by interior designers for its adaptability and capacity to bring out tones and contrasts.*
